Based on the data provided by our suppliers, Aikolon Oy assures customers that everything reasonably possible is being performed to maintain compliance with all applicable EU and international environmental regulations. Should new information be provided from our suppliers which changes the status of our parts, notification will be provided promptly.

Companies that create finished goods that utilize Aikolon -delivered parts or materials, will need to calculate compliance based on their definition of articles and complex articles for their products. Aikolon Oy shall not be liable, under any theory of law, and shall not be responsible to defend or indemnify any party should any finished goods that change the SVHC content to be above the thresholds as specified by the EU REACH regulation.

Per Aikolon Oy material supplier notifications and product documentation for SVHC calculations, all parts and material sold by Aikolon Oy are below the SVHC thresholds. Controls are in place to help assure that Aikolon Oy delivered materials remains compliant. We will continue to communicate with our suppliers and maintain compliance records for all our products as part of our compliance program.
